E. W. PIKE, Treasurer.

We, the undersigned, auditors, have examined the accounts of the treasurers and selectmen, and find their books correctly kept, and their vouchers satisfactory.

W. T. THISSELL, }
H. F. NELSON, } Auditors.

SCHOOL REPORT.

No. 1. Summer term of eight weeks; fall term of eleven weeks. Both terms were taught by Georgia C. Purington. Miss Purington is well known as a teacher, and both terms were very successful.

No. 2. Summer term of eight weeks; fall term of eleven weeks. Both terms were taught by Lizzie M. Bailey. Miss Bailey was faithful to her trust, and was well appreciated by the school board and parents.

No. 3. Summer term of eight weeks, taught by Lizzie C. Adams. This was Miss Adams' first attempt at teaching.

Fall term of eleven weeks, taught by Lizzie D. George. This was also Miss George's first attempt at teaching. We are pleased to say that both teachers succeeded remarkably well.

No. 4. Summer term of eight weeks taught by Dora M. Pike. Miss Pike is an old teacher, and her presence in the schoolroom means success.

Winter term of ten weeks taught by Philip A. Robinson. Mr. Robinson was highly educated; but from lack of co-operation between parents and teacher, the term was not so successful as it should have been.

No. 5. Summer term of eight weeks taught by Alice T. Mitchell. This was Miss Mitchell's first experience in teaching. The scholars were mostly small, but she succeeded admirably, and there was a marked improvement in this school.

Fall term of eleven weeks taught by Juna L. Paul. Miss Paul is a fine teacher, and this was one of our best schools.

We are pleased to report that our schools have all been very successful the past year, and are now in good condition for future progress. A good number of our scholars have arrived at an age when they begin to realize that an education is necessary, and show a willingness to labor for that end. With good teachers, and the hearty co-operation of the parents, which is very much needed for a successful school, the scholars can make rapid progress.

We cannot afford to withhold from the support of our common schools, as they are the foundation to develop the mind powers, form the character, and lay the foundation to true manhood and womanhood, and prepare them for future usefulness in the world. Let us try and educate them so that they can look back with pride to the time when they commenced their education. Also, would it not be well to raise a sum sufficient to support a high school in town, so that our scholars might avail themselves of a good opportunity at home.

Report of Treasurer of School Board.

Report of Library Committee.

The committee have attended to their duties, and are satisfied that the library so far has proved a success. There have been added to the library 68 volumes since its organization, and we are satisfied that the patrons of the library have been benefitted by the opportunity they have had, and we are pleased to know that the patrons have been so careful with the books, and that they have been kept in so good order. We think there has been only one book lost or destroyed since the organization of the library, and that by the fire of Mr. Russell. The library is in a fair way to increase, as we have a perpetual fund, and with the donations that we have received and may receive, are a great benefit, and are very thankfully received. The past year, from Jan. 1, 1891 to Jan. 1, 1892, there have been taken from the library by its patrons, 1264 books, which shows the interest in a small town like ours. We have not added our usual number of books this year, as there is needed a new set of catalogues. The committee thought it best to wait until the commencement of the next year; then the amount to be furnished by the town yearly could be drawn, and the balance of this year's money and the amount for the coming year could be expended at the same time, and the new catalogues could be obtained at less expense than otherwise.
